WHAT CAN I EXPECT?

12 EXPERT SPEAKERS

Learn directly from the visionaries and builders who are at the forefront of the no-code and AI revolution, offering deep insights and actionable advice.

HANDS ON LEARNING

Engage in practical, interactive sessions where you apply no-code AI tools in real-time, empowering you to implement solutions immediately.

NOCODE X AI HACKATHON

Participate in a 100-minute hackathon that demonstrates the transformative capabilities of no-code and AI integration—experience innovation at lightning speed.

NO SLEAZY SALES PITCHES

You've already seen the demos and now want to hear from the creators first hand. We get it. That's why we've carefully curated all the speakers to focus on their experience building, not someone trying to sell you something.

WHAT ARE THE TRACKS?

Choose from three different themes to learn,
spark conversation and be inspired

AI & TECH TRACK

Hear about the **latest tech, tools, plugins and tutorials** to level up your business with artificial intelligence and nocode.

FOUNDERS TRACK

Tips and insight into getting your product into the hands of users and **increasing your distribution**.

CREATORS TRACK

Conversations with founders, agency owners and creators who share their **first hand experience building and scaling products**.

CREATED BY ENTHUSIASTS FOR ENTHUSIASTS

(and anyone who wants to be one)

WHO'LL BE THERE?

DESIGNERS

Elevate your designs by seamlessly adding functionality using no-code AI, transforming static visuals into interactive experiences.

OPERATORS

Automate and streamline your workflows with no-code AI tools, enhancing efficiency and precision across your operational processes.

FOUNDERS

Rapidly bring your innovative ideas to life with no-code AI platforms, drastically reducing development time and technical barriers.

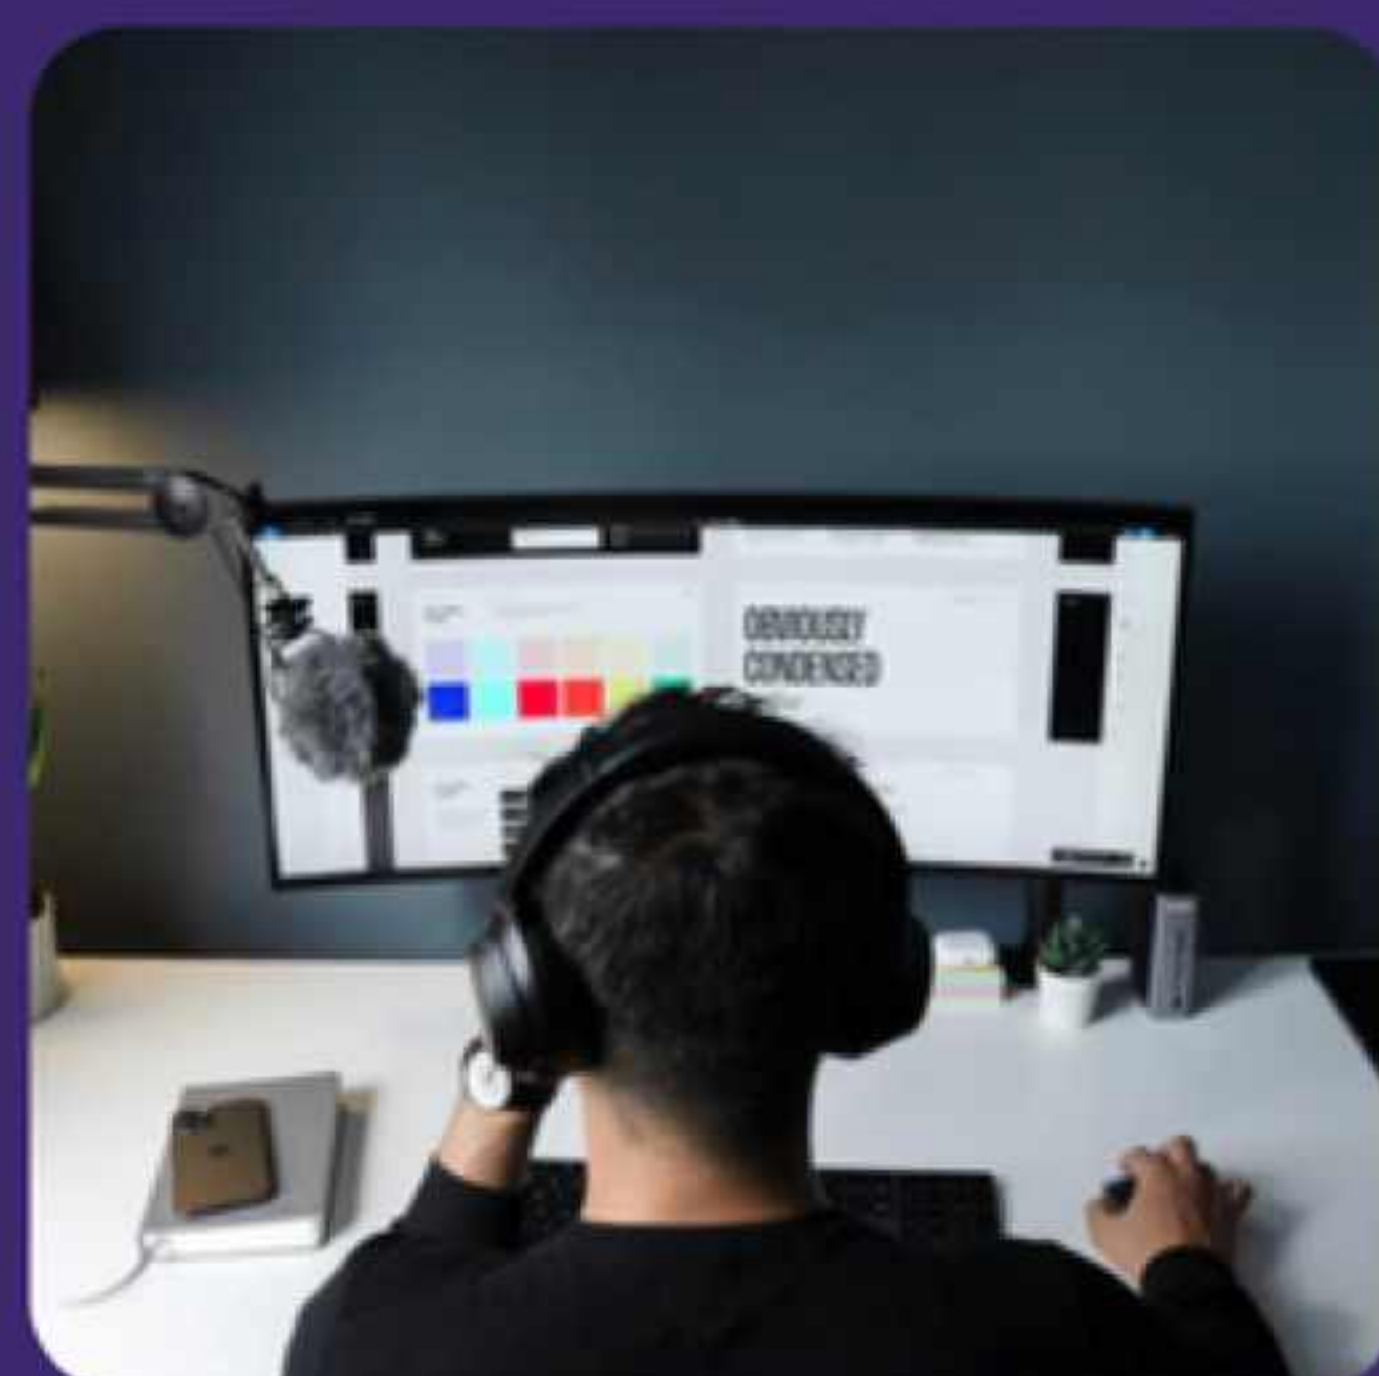

NON-PROFIT LEADS

Leverage no-code AI to perform technical tasks visually, maximizing impact even with limited resources and technical expertise.

SALES & MARKETING

Utilise no-code AI to automate your sales pipelines, increasing efficiency and enabling personalised customer engagement at scale.

MAKERS & HOBBYISTS

Create engaging, functional products or projects for your community using no-code AI, turning your creative ideas into reality with ease.

WHERE'S THE VENUE?

DIY EVAL HERE FAST

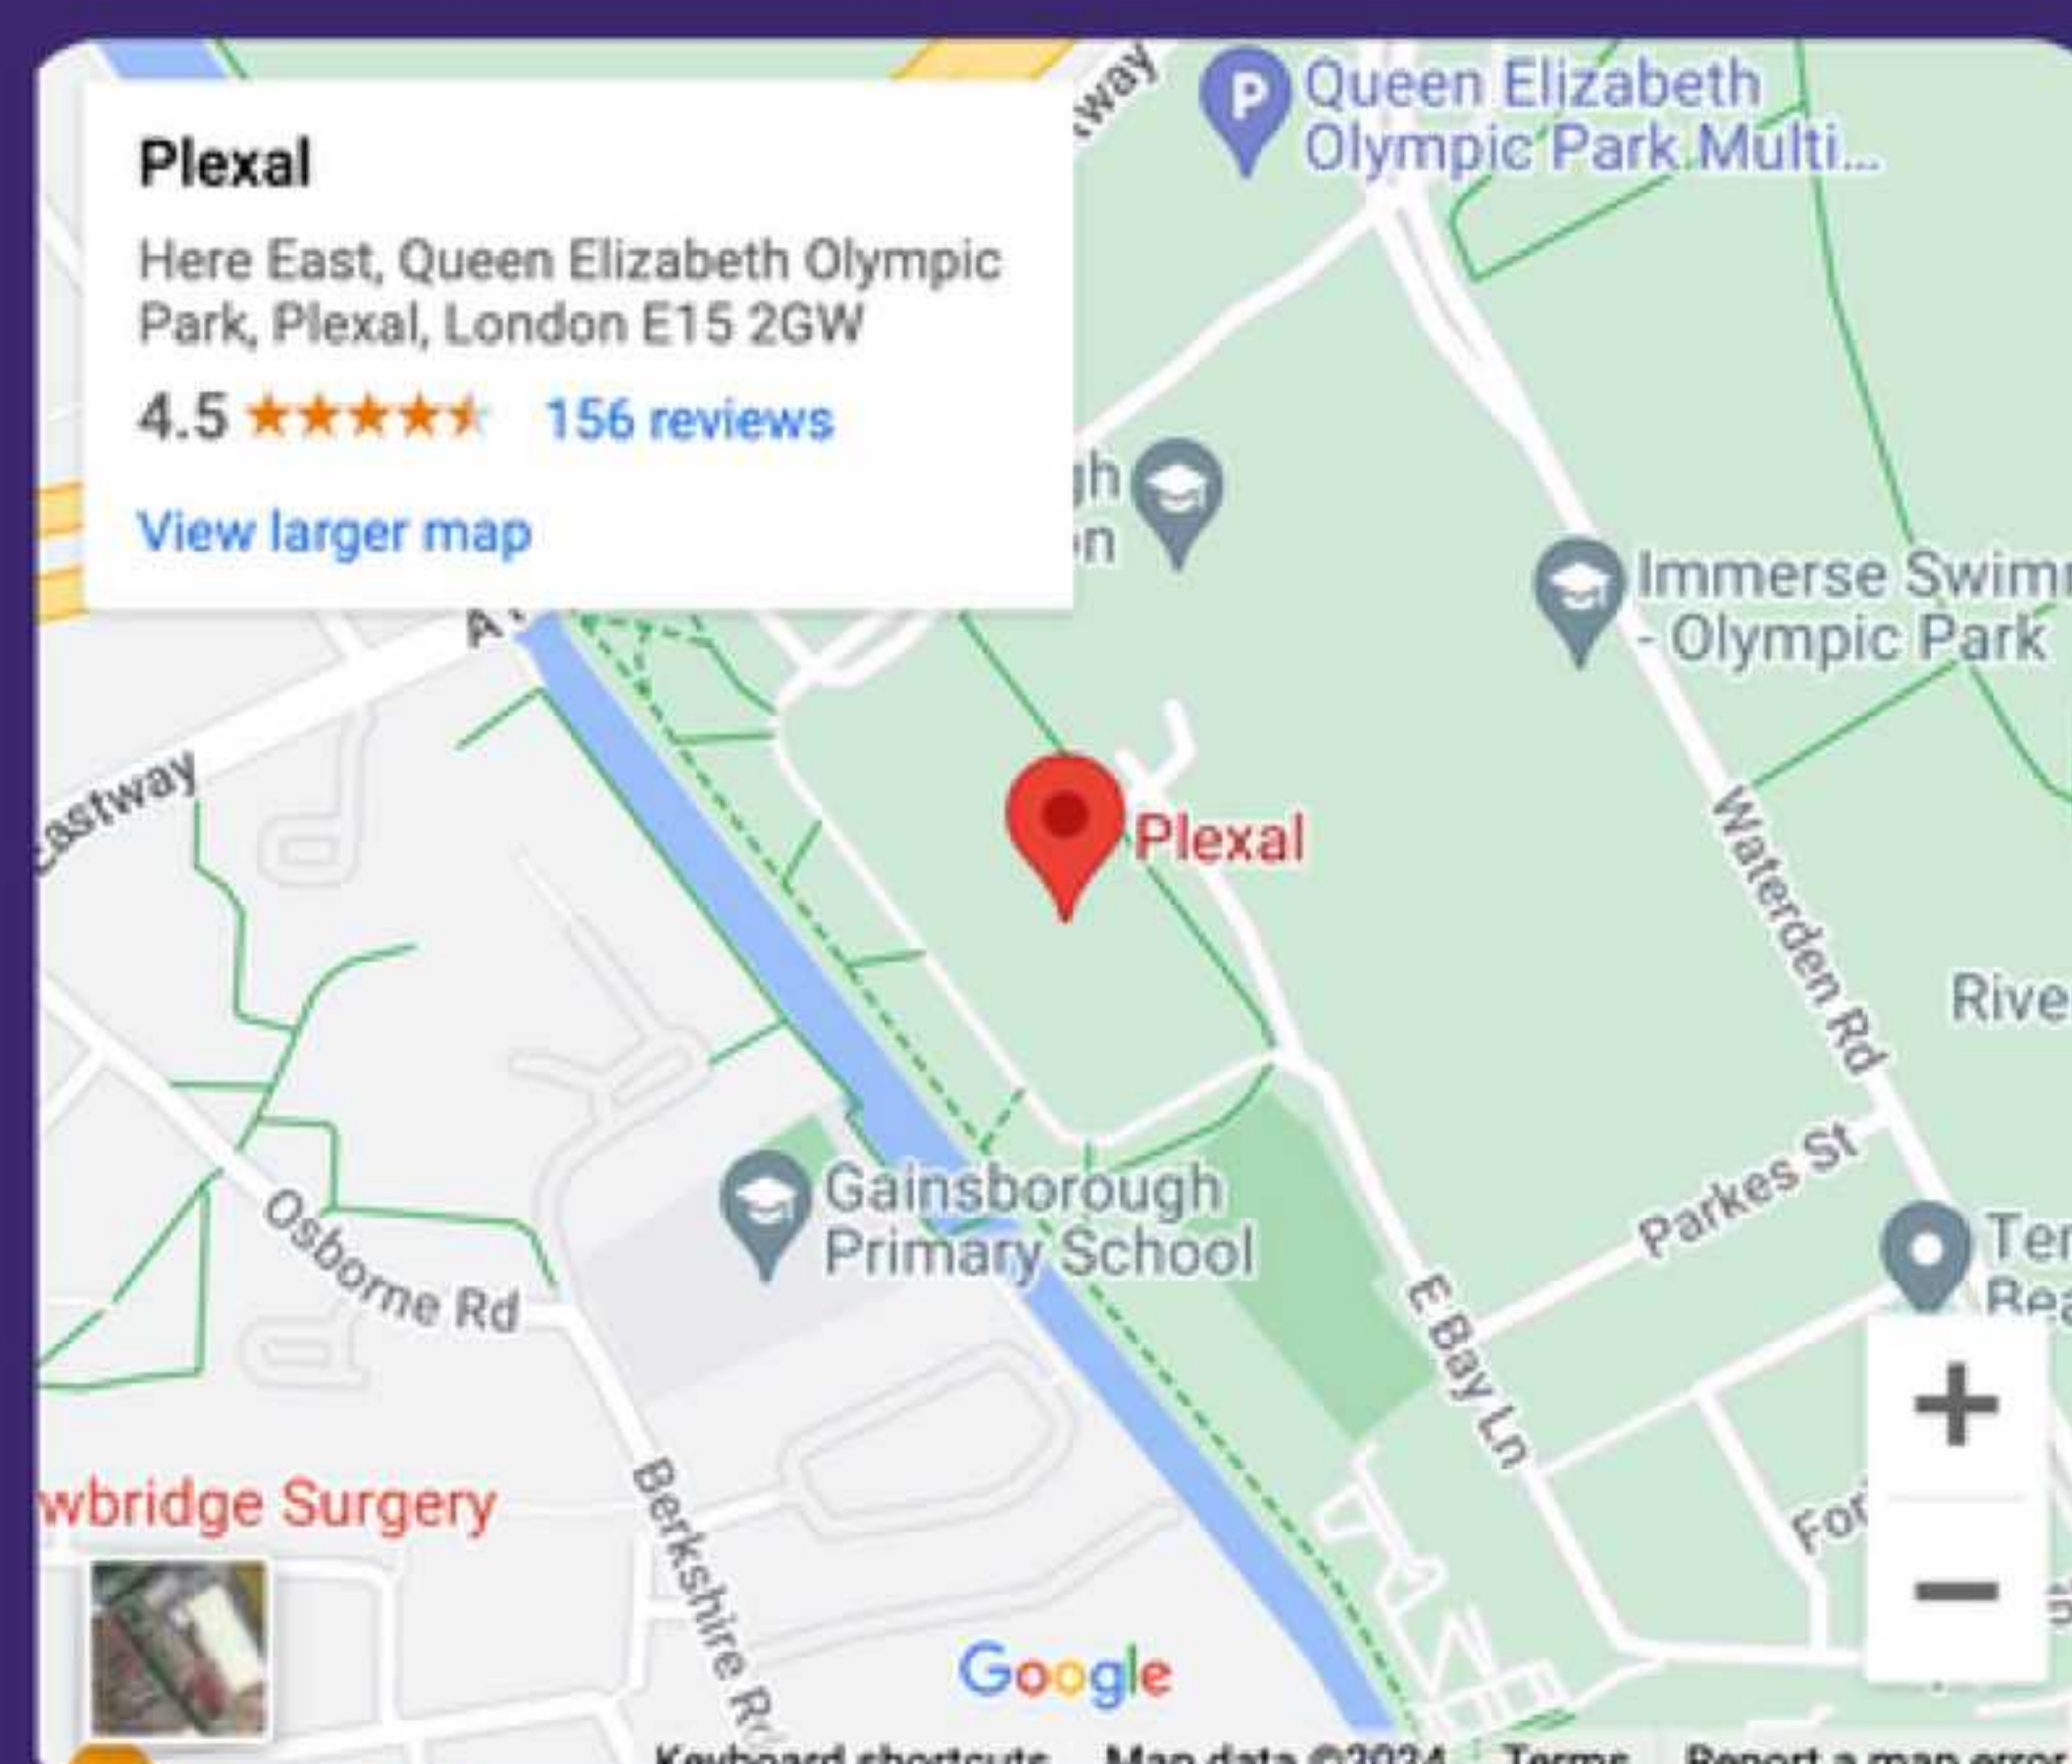

PEXAL, HERE EAST

We're excited to welcome you to **Plexal**, a vibrant coworking and event space in East London's tech hub Here East. The venue is equipped with a main stage, bleachers area and open space for networking.

Closest tube stops:
Hackney Wick
Stratford International

DISCOVER EAST LONDON

Right in the heart of Queen Elizabeth Olympic Park, the venue is surrounded by cafes, bars, and vibrant nightlife including the ABBA Voyage experience. You might want to book an extra day or two to see it all!

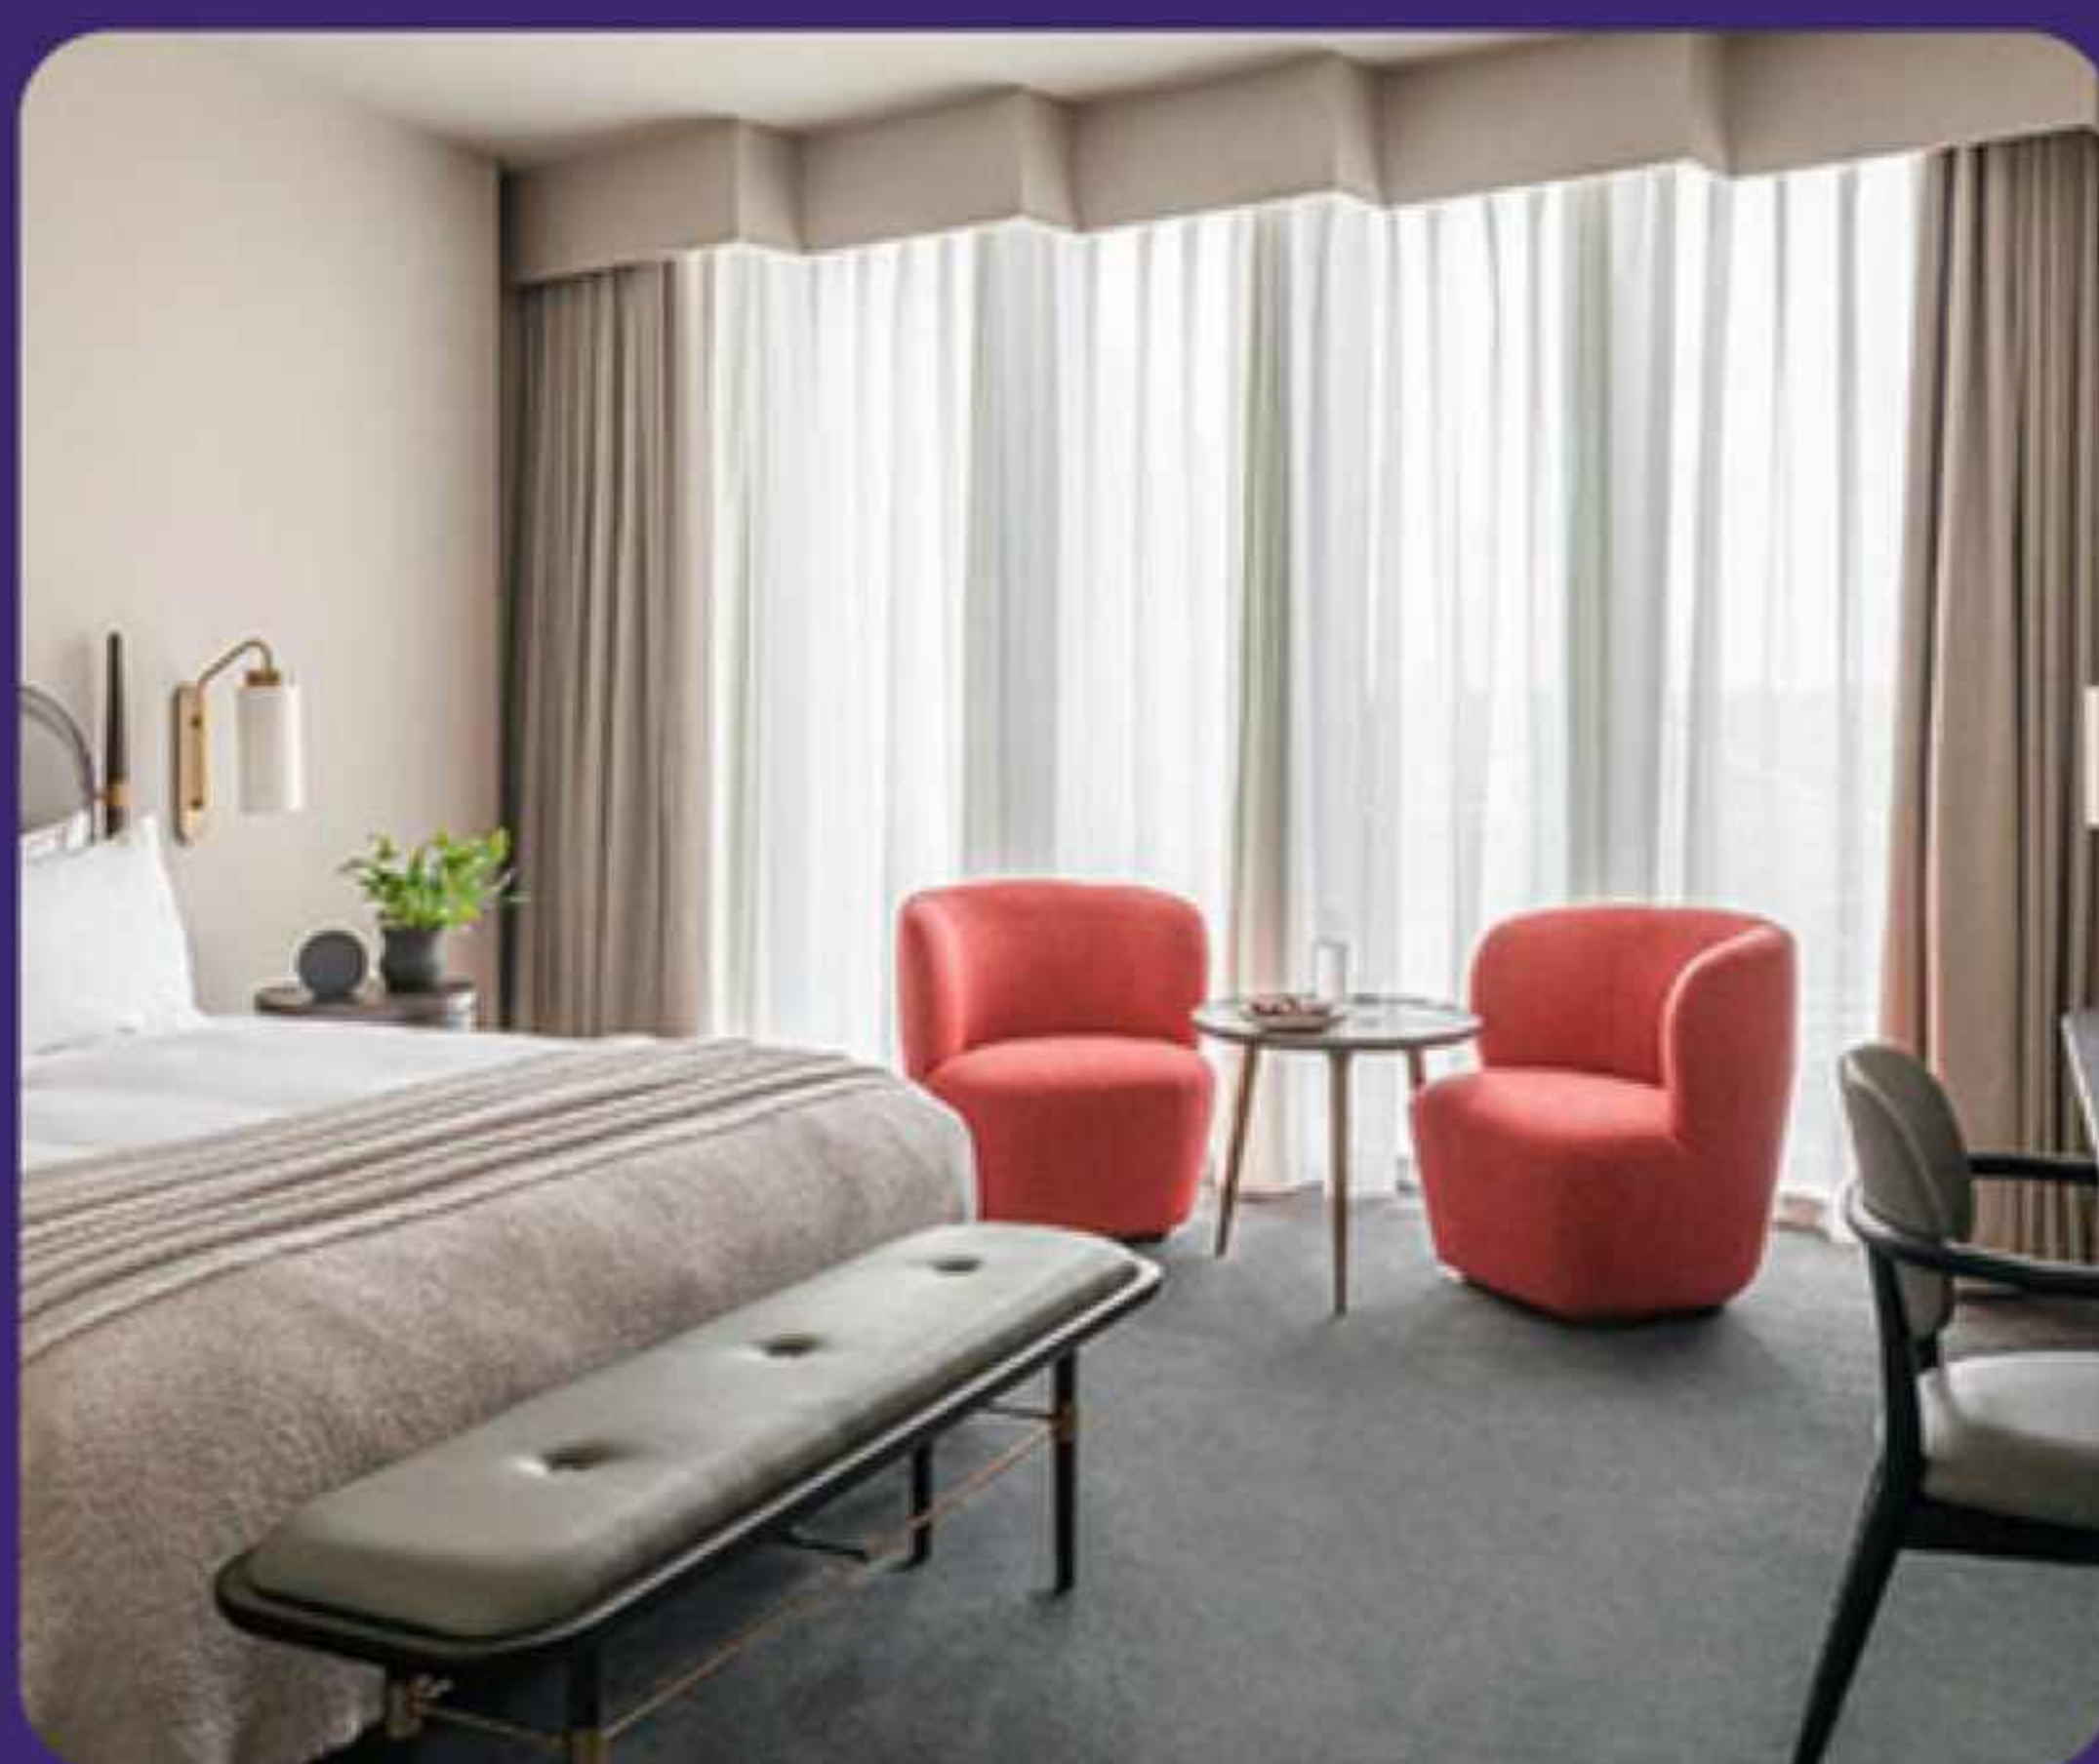

WHERE DO I STAY?

Attendees to NoCode UK can choose from a variety of London's wide ranging accommodation options. We have secured some special hotel rates in the area including **The Stratford** and the **Hyatt Regency**. Codes provided on request.

Recommended travel dates:

Arrival: Monday May 20th by 16:00
Departure: Wednesday May 22nd by 12:00

IN THE HEART OF
QUEEN ELIZABETH

OLYMPIC PARK LONDON, UK

A note from the organisers

Welcome to NoCodeUK, scheduled for 21st May 2024 in London. This event brings together NoCode developers, freelancers, educators, and agency owners to network, learn, and collaborate. Following our experiences at similar events, we are bringing the first NoCode conference to the UK.

Our mission: program the greatest showcase of NoCode, curated by the world's greatest minds in the NoCode community.

Kieran & James - NoCodeUK Committee
