Greetings,

My name is [REDACTED] and as a co-founder of [REDACTED] a prominent [REDACTED] startup in France, I have had the privilege of experiencing various facets of the technology and entrepreneurial ecosystems. I am writing to recommend Pierre-Simon Ntiruhungwa, with whom I became acquainted during the summer of 2012, when I participated in the Startup Dream Team program organized by his company Silicon Students.

The Startup Dream Team program was an intensive initiative that brought together about 15 young, ambitious individuals in Silicon Valley. The program, led by Pierre-Simon, provided us with invaluable insights into the tech startup world through a series of workshops, events, and creative exercises. This immersive experience was designed to stimulate innovation and enhance our critical thinking capabilities, by directly exposing us to seasoned entrepreneurs and investors.

During my time in the program, I had the opportunity to observe Pierre-Simon's extraordinary expertise and leadership. Despite not working closely with him on a daily basis, his ability to orchestrate such a remarkable program was evident. He demonstrated a unique aptitude for fostering a collaborative and dynamic learning environment, which significantly benefited all participants, including myself.

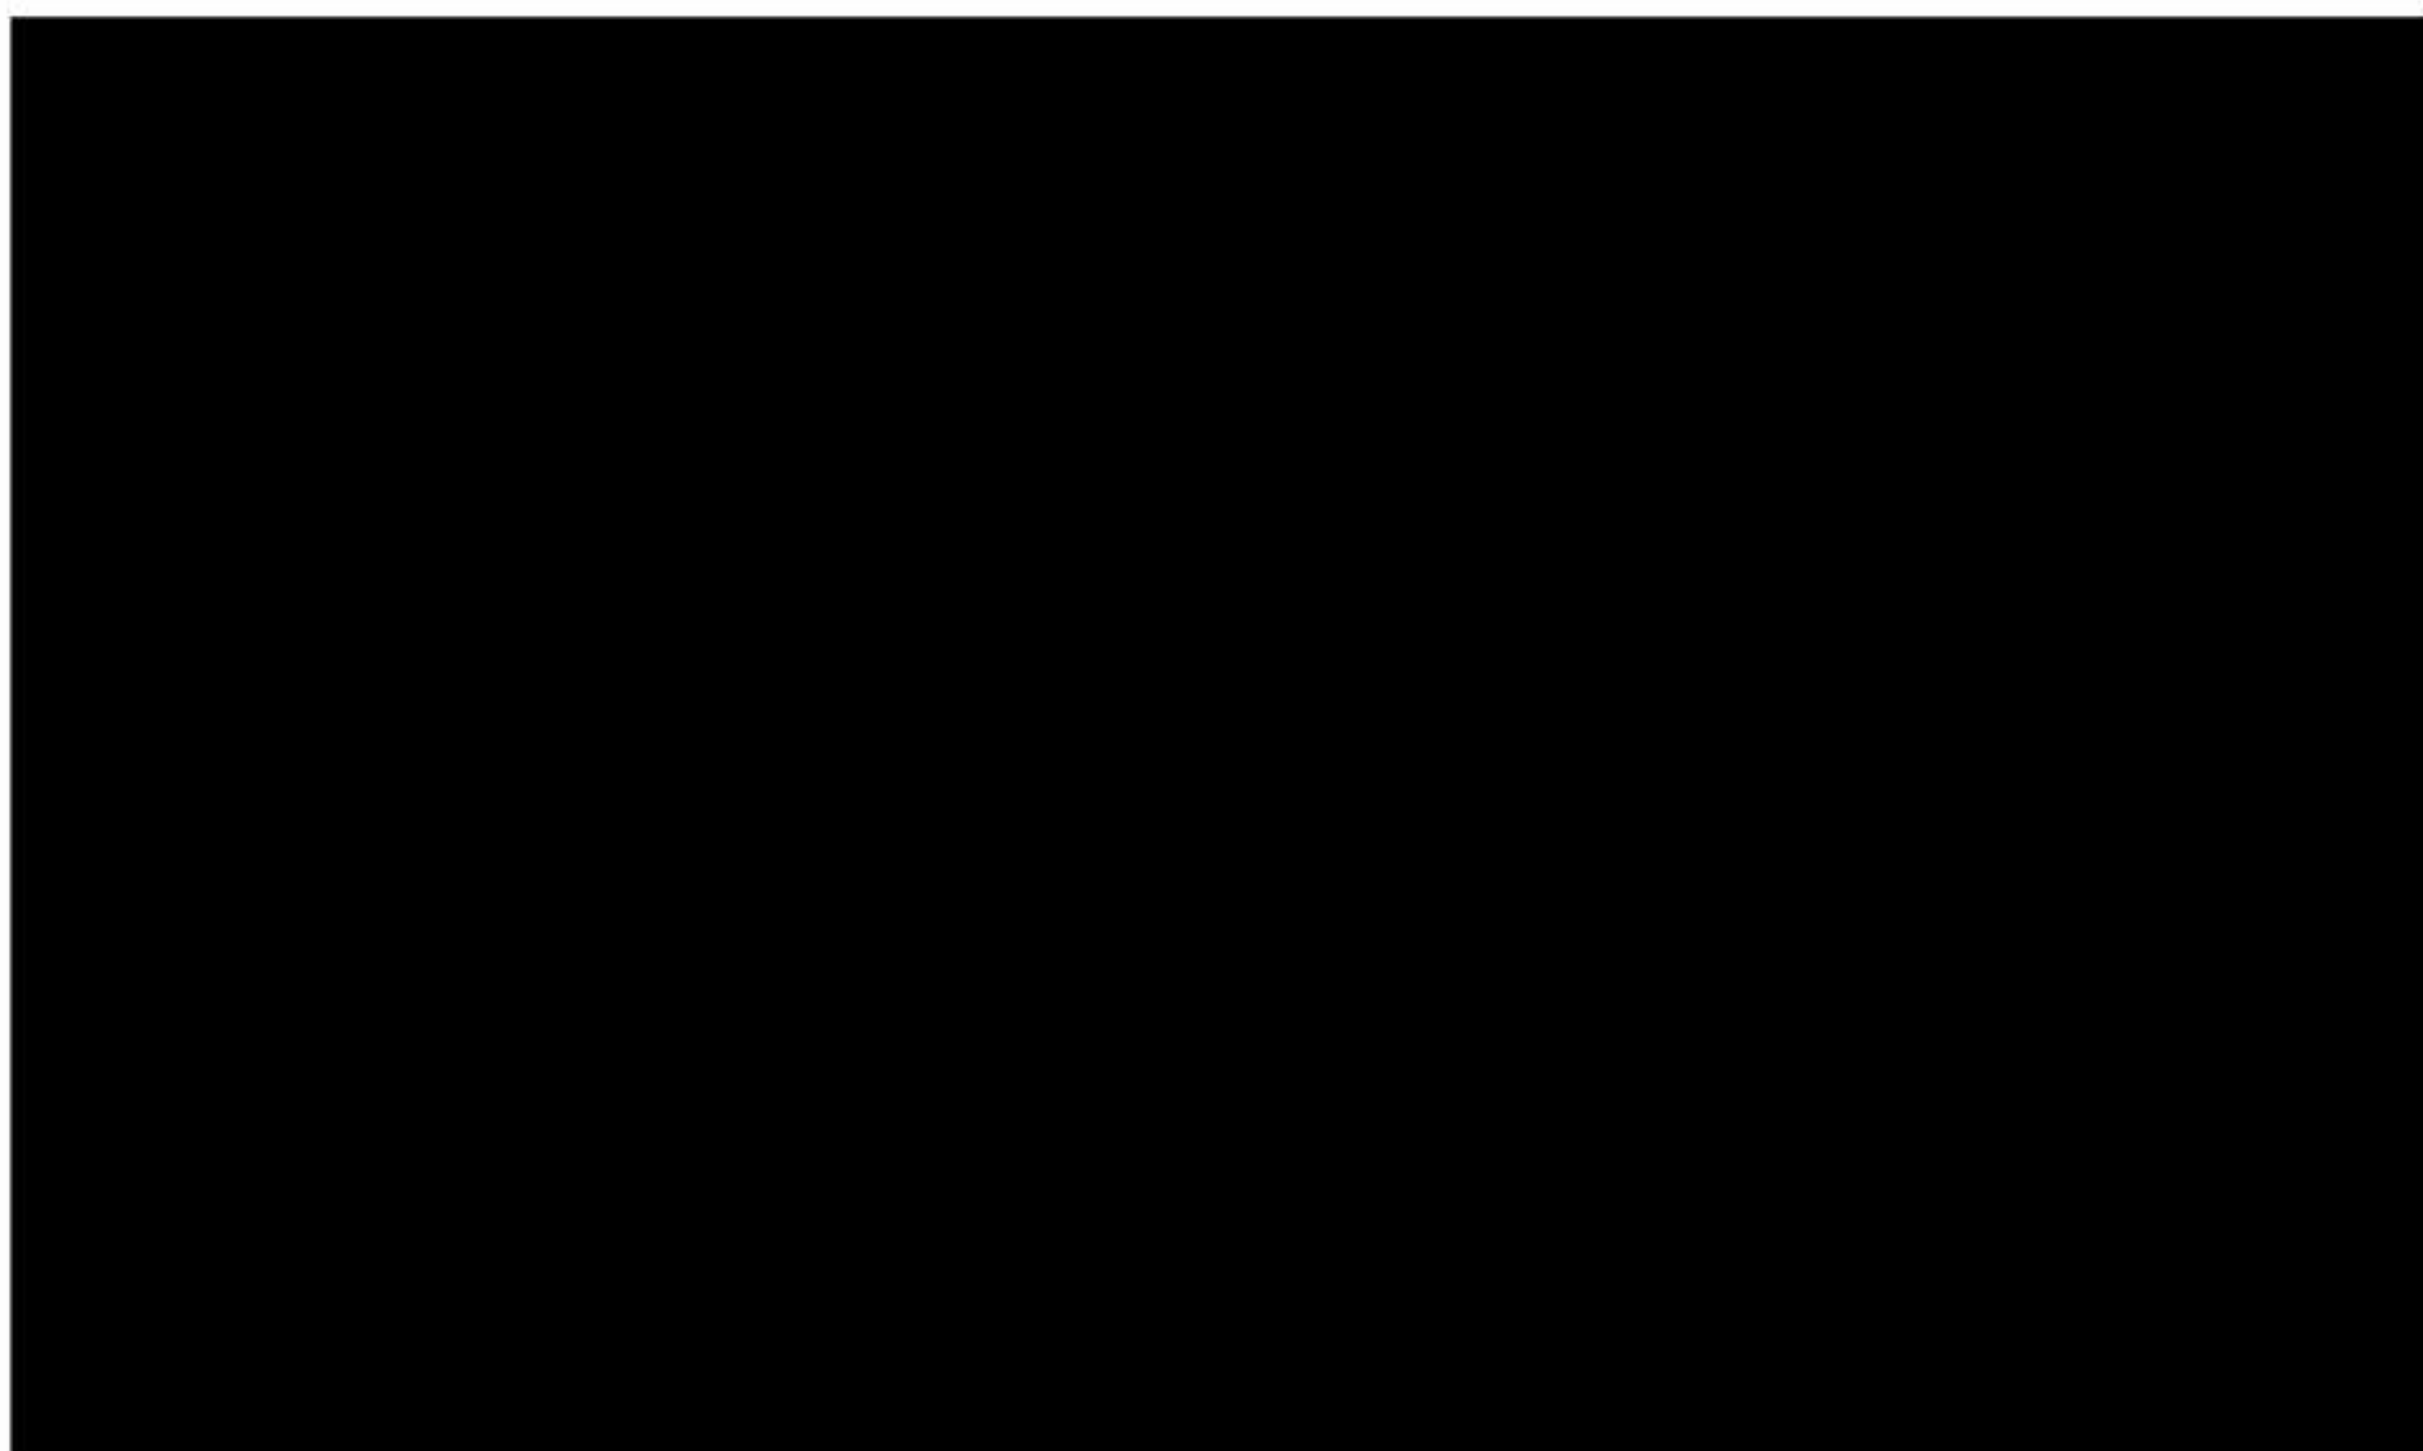

The impact of this program on my career trajectory has been profound. It was instrumental in shaping my understanding of the startup ecosystem and the intricacies of engaging with experienced investors. After completing the program, I continued to work with the startup I was interning for while finishing my degree. The foundational knowledge and skills I gained led me to establish my own company, which I later successfully exited. This success paved the way for my role in co-founding [REDACTED] a major innovator in [REDACTED], ultimately helping it to raise more than \$80 million in funding.

Pierre-Simon's role in my entrepreneurial journey, although indirect, was crucial. His ability to curate such a transformative experience speaks volumes about his expertise and

dedication to nurturing future leaders in the tech industry. More than twelve years after we have met, I cannot emphasize enough how my time spent with Pierre-Simon was decisive in shaping my entrepreneurial career and I still apply his advice on a regular basis. I am confident that his talents and insights will continue to make significant contributions wherever he applies them.

In conclusion, Pierre-Simon Ntiruhungwa is an extraordinary individual whose efforts in organizing and leading the Startup Dream Team program have had a long-lasting impact on my career. He possesses the qualities and experience that not only make him an asset to any initiative but also ensure that he will be beneficial to the United States.

Sincerely,

Biography
